Mayor Gardner called the Public Hearing to order at 6:45pm. He stated that the advertised purpose of the hearing was to receive public comment on a proposed Water Shortage Response Plan. This plan is required of all municipalities so that the state is assured of enforcement in case of drought declarations. The format is provided by the state, and failure to approve it would put the Town in non-compliance. As no members of the public were in attendance to make comment during the Public Hearing, Mayor Gardner declared the hearing closed at 6.55pm.

Respectfully submitted,

John Freeman
Town Administrator
